Bookings for 2 consecutive hours within peak periods is not permitted by the same group of 2 or 4 players.

Bookings for 2 consecutive hours within off peak periods is permitted by the same group of 2 or 4 players as long as the entire booking falls within an off peak period. Off peak periods are clearly marked in green on the booking system. In this case different individuals within the group will need to book 1 consecutive court each, as the system will not allow the same person to book consecutively.

If courts are unused at the end of your booking, you may continue playing, however any subsequent booking by another group will take priority.

If your game is cancelled please ensure your booking is deleted from the online system as soon as possible to allow the court to be booked by others.

Members, if you think you are last to play please reduce the net tension is and ensure that the gates to the courts and the clubhouse doors are closed.

Any questions or queries please email info@penzancetennisclub.co.uk.
